

14 May 2026

Merefield Housing

Your annual service charge is £1,440.00.

Page 1 of 3

Service charge information

The charge covers the shared entrance, lighting and grounds. The annual total describes the whole charging year. The instalment is the smaller sum requested in this letter.

The entrance lighting is inspected during the regular maintenance visit. The grounds schedule covers the shared paths and planted areas. Individual household electricity use is outside this account.

The statement separates the annual charge from the first instalment. Both figures refer to the same property and charging year. Previous correspondence may show a different appointment, which is cancelled in this letter.

Account administration

This information describes how the account is presented. The annual figure is not an additional payment request. Payments already recorded remain on the account history.

The earlier appointment on 21 May 2026 has been cancelled.

Please pay the first instalment of £120.00 by 2 June 2026.
